NOW \$195

17100 HATCH JAMMER

The hatch jammer easily adjusts the work angle on a hatch door or panel to a comfortable and secure level position when sanding, painting or repairing panels. The metal J-Hook end attaches to the striker and other end (larger loop end) to the hatch door. Adjusts from 290 to 600mm, secured by tightening the adjustment knobs. Also used with paint-less dent removal work to hold the panel in the open position.

NEW

AP6205 SPRINGER TOOL PROFESSIONAL LEVERAGE / CLIP TOOL

\$28.05

SPRINGERTOOL
BY BTB

Patent Pending

Brilliant for removing a huge range of components retained by clips, adhesives and double-sided tape. Advanced design offers hundreds of applications for every vehicle. Tapered tip allows entry under closely fitted parts. Radiused edges avoid trim or vehicle damage.

Distinct Precision Curvature provides variable load distribution, safely moving load point along tool as more leverage is applied.

Robust Design

Replaces other tools and for:

- Door trims
- Boot linings
- Dash panels
- Trim panels
- Console panels
- Tail lights
- Boot Floors
- Scuff plates
- Glass moulds
- Grommets
- Scuttle clips
- Bumper inserts
- Bolt covers
- Panel Supports

AP6001 LONG RUBBER HOOK TOOL

An extended version of the AP6000 Hook with a shaft length of 190mm. Great for reaching below dash boards on Bus/ Coaches, Truck windows and for general use on automotive vehicles.

CrystalPearls™

FLAKE LIKE EFFECT WITH THE EASE OF A PEARL

Crystal Pearls™ produce a traditional pearlescent look. However, an added flair of pigmented mirrors produces an extraordinary "pop", unlike any other pearls on the market. Crystal Pearls™ contain a wide range of pearl sizes as well as sparkle. For an unbelievable decoration effect try going over Crystal Pearls™ with any of Alsa's Candy Concentrates™.
